

ATLANTIC CAPE TIMELY WARNING NOTICE

CRIME ALERT

October 6, 2010

Atlantic Cape Community College's Security Department would like to make students and staff aware of the recent thefts of wallets from pocketbooks at the Mays Landing Campus. There have been four incidents that occurred between 9/23/2010 and 10/5/2010. Many of the thefts occurred in classrooms while the purses were left unattended, but the owners were in the classroom. In one incident, two wallets were taken from two different pocketbooks. There was also one incident in the college library.

Security strongly encourages all students and staff to be vigilant with their personal belongings. Never leave pocketbooks or book bags unattended, even when you're in the classroom setting. These appear to be crimes of opportunity happening in different classrooms at various times of the day.

The Hamilton Township Police Department has been notified.

If anyone has information about these thefts or was a victim and did not report the crime, please contact Atlantic Cape Security or the Hamilton Township Police Department.
