FOR COLLEGE?

OFFICE OF FINANCIAL AID

MAYS LANDING, NJ

atlantic.edu

Atlantic Cape is an equal opportunity/affirmative action institution
Where do the funds for the scholarships come from and how are they distributed?

Scholarships are donated to or raised by Atlantic Cape Community College and the Atlantic Cape Foundation. The Scholarship Committee chooses recipients from the scholarship applications.

When are scholarship applications available?

Scholarship applications for all students are available in November in the Financial Aid Office and other buildings on all campuses. These applications are for scholarships for the following fall/spring academic year.

What are the criteria for the scholarships?

The criteria vary according to the donor. Many require a minimum GPA, some specify financial need, some are for a specific major, etc.

Do I need to apply for financial aid to qualify?

No; however, if you wish to be considered for a “need-based” scholarship, you must provide us with your financial information. Every student is encouraged to apply for Financial Aid.

Is there a separate process for culinary applicants?

Yes and no. Several scholarship applications are available each year. The main application, available in November, is for all students. Culinary scholarships for the following fall semester are awarded based on this application. An application that is ONLY for culinary students is available in the fall, which is used to determine spring awards. Two additional scholarships are offered to culinary students only during the year.

Are there any other scholarships I can apply for?

Yes. A binder is kept on the Financial Aid counter with blank applications. These are applications that are sent to us from other colleges, special interest groups, clubs, etc. Students are welcome to take applications and mail them to the address on the application.
