

Student Success Series

Improve your Writing Skills!

Do your papers suffer from grammatical mistakes and spelling errors? Could your papers use more organization? Did that high school English teacher's lesson just never stick?

Starting in February, the Library will hold a series of free workshops designed to aid students in enhancing their writing skills.

The sessions will be offered in the new Library Instructional Resource Room in the Spangler Library, Mays Landing Campus.

Contact Patrice Leatherberry at (609) 343-5631 or pleather@atlantic.edu for more information.
