

## ArcGIS and Extensions Student Edition – Release Form

### One-Year Education Use Only (media and license)

As part of the Campus-Wide Site Agreement License between ESRI and Atlantic Cape Community College, our students, taking GIS-related courses or programs are allowed to install the ArcGIS and Extensions Student Edition software in their personal computers.

---

#### Release Conditions:

- Student must have a current student ID.
- The software must be obtained from the Department of GIS at the Atlantic Cape Community College.
- The student should read the ESRI's Frequently Asked Question (FAQ) for important installation, registration and other details. The link to the site is located at:  
<http://www.atlantic.edu/program/academic/gis/esri.html>
- The student must use the software for educational use only.
- ESRI does not provide technical support to the ArcGIS and Extensions Student Edition. The professor will provide the technical support to the students.

By signing this agreement, the student acknowledges and agrees to these conditions.
